MEMORANDUM FOR THE INTELLIGENCE ADVISORY COMMITTEE

**SUBJECT: Possible Exchange of Delegations with the USSR
in the Field of Guided Missiles**

1. At the request of the IAC Ad Hoc Committee on Exchanges the Guided Missile Intelligence Committee (GMIC) has prepared a report dealing with the possibility of exchange of delegations with the USSR in the field of Guided Missiles. This report concludes that such an exchange in any one of several aspects of that field might have ~~net~~ intelligence advantage to the US.

2. The IAC Ad Hoc Committee on Exchanges tentatively approved the report but agreed that, because of the unusual policy and security implications of the subject, it should not be forwarded in the normal manner to the State Department without higher review. The Acting Director of Central Intelligence has now requested that the IAC itself consider this matter at its meeting scheduled for Tuesday, 3 September.

3. Copies of the GMIC report (and supplement dated 20 August) are in the hands of your representatives on the Exchange Committee or GMIC or may be obtained from the Secretary of the Exchange Committee (Code 143, ext. 3825).
